XC16 FROZEN BEVERAGE MACHINE

The XC16 is the smallest and lightest frozen drink machine in the world, and its compact size and light weight makes it perfect for residential or and light volume applications. The XC16 offers a mirror stainless finish with gloss black trim that accents any placement. The XC16 uses a modern and energy efficient refrigeration system that runs on a standard 115 volt outlet and includes an adjustable consistency control for easy operation and the perfect flush every time.

Features

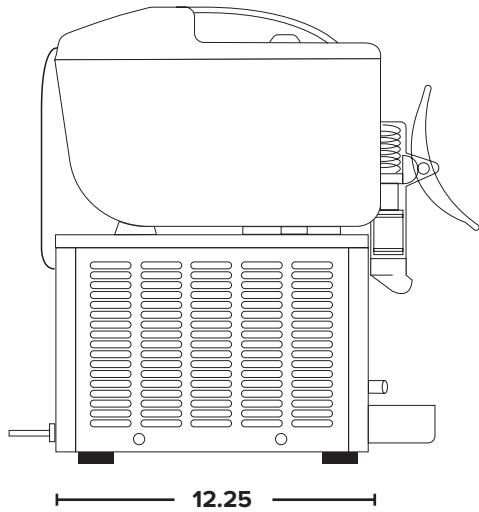

- A compact machine with impressive performance and capacity
- Variable consistency control to accommodate different mixes and slush consistencies
- Dual augers for perfect product mixing and consistency
- Dishwasher safe components for easy cleanup
- Attractive mirror stainless finish for easy cleaning
- 1.6 gallon bowl capacity
- Removable drip tray for easy cleaning and draining
